

The Miner.

Local Intelligence.

INDIAN ATTEMPT TO KILL.—Yesterday, as John Couch and David Ring, were on their way from Prescott to the head of Lynx Creek, with a team and wagon, belonging to A. G. Dunn, of this place, they were fired upon by a large party of Indians who lay in wait for them at a point on the road near the big quartz ledge, about three miles from town. Mr. Couch, who, with the team, was some distance ahead of Mr. Ring, was severely wounded, but escaped, with both horses. Mr. Ring was some distance behind the wagon when the Indians fired upon Mr. Couch, and from the fact that he saw Couch fall or jump from the wagon he expected he was killed, and made his way back to town as fast as his legs could carry him, but instead of being killed Couch succeeded in taking both horses from the wagon and making his way to Lynx Creek. He received four bullet wounds, but it is thought that he will survive. On hearing news of the attack, a party left town in pursuit of the Indians.

A PROTRACTED TRIAL FOR OWNERSHIP to a ranch on Ash Creek has been going on here before Judge Brooks, for a couple of days past. The case has not yet been decided.

THEATRICAL.—Saturday night last, we dropped into Elysian Hall, and found it filled with people, who appeared well pleased with the acting. As it was Dan Roth's benefit night, we were glad to see so many people present. The actors were composed almost entirely of soldiers from Fort Whipple, and, for the chance they had to pose themselves in their parts, did very well. The piece played was "Robert Emmet," and, of course, it was not to be presumed that full justice could be done such a weighty drama, by men who had not sufficient time for rehearsal. The evening's entertainment wound up with the side-splitting farce, "Blasphemy and Crusade."

We are informed that Mr. J. Billings, will soon open with a new company, which will be composed mostly, if not of Co. G, 14th Infantry. He expects to have and use the splendid scenery of the Camp Verde Theatre.

RACES.—We went out beyond Miller's ranch Sunday last, to see the races, saw them, and don't know that we feel any better off than before. The grand race was between a horse belonging to John Timmons, and Saunders' roan horse. It was for several hundred dollars, and the Saunders horse won it by about a length and a half in a distance of two hundred yards. After this came several scrub races, all of which were more or less exciting, but slow. One animal, a Californian, of course, took it into his head while running at full speed, to indulge in his favorite pastime—bucking, and succeeded in throwing his rider. Many outside bets were made, and one man lost a year's wages, pistol, etc. He should have bet on the winning horse.

HISTORY OF ARIZONA.—By advertisement in another column it will be seen that Judge Johnson's work on this Territory is being published by Mr. V. Ryan, a former citizen of the Territory. We have not seen a number of the work, but believe from what Mr. R. has written us, that it will be of great service to the Territory. Agents are wanted in Arizona. As soon as we receive a number of the work, we will give whatever ideas we may form about it.

THANKS.—Our thanks are due Mr. D. Henderson, head of the firm of Henderson & Co., of this place, for a copy of the Atlantic Almanac, a very valuable book. Mr. Henderson sent it to us from San Francisco, where he is at present.

WILL ATTEND.—We acknowledge the receipt of a neatly written note from Fort Whipple, requesting us to attend a party to be given by the officers of the garrison on the evening of Wednesday, January 29th, 1868, and if life is spared us until after that evening, we shall be but too happy to attend and grace the fair and gallant assembly with the beauty of our martial frame.

OUR ONLY LADY SUBSCRIBER.—Mrs. Sarah J. Wells, has the distinguished honor of being the only lady in Arizona that subscribes for a newspaper, published in the Territory. She takes the Miner, and sends it to her father in Illinois. Long may her wavy ringlets keep from turning gray is the best thing we can say for her.

GUILFORD HATHAWAY is expected here soon from Hardyville, on the Colorado river, with a lot of fat cattle which he intends to butcher and sell to his fellow citizens of Prescott.

FREIGHT TRAINS.—The freight train of Dr. W. W. Jones, and that of W. A. Werninger are looked for daily from La Paz. Hope they will bring some flour.

The train of Chas. W. Beach is hauling quartz for the Vulture Mining Company of Wickenburg. Campbell & Buffum's train is hauling corn to town from Brown's Ranch, Chino Valley, for Campbell & Buffum.

Chenoweth & Fenter's train has been and is engaged in hauling corn.

INSURED.—We regret to learn that T. G. Roddick, of Kirkland Valley, received severe injuries by being thrown from his horse, recently, while returning home from Prescott. Tom must have been under the influence of the holidays, else the horse could not have thrown him, for he is one of the best riders in the country. Judging from the following note from him, the mishap may be the means of curing Tom of his wild ways. He says: "Life is too short to spend it in drinking poor whiskey and making love to ugly women, and I have concluded to quit both practices from this day on." A wise resolve, my boy.

We were honored, this week, with a visit from Mrs. John A. Rush and Mrs. Nathan Bowers, two as fine ladies as we have ever been acquainted with. They promised to come again, and we shall watch for their shadows on the door-step as a Pueblo Indian watches for the coming of Montezuma.

NEW ROAD.—A new road, which brings the ranches on the Lower Agua Frio within twenty miles of Camp Verde, on the Verde River, has recently been made. Mr. L. Q. Dineen deserves the credit for this, for he it was that found the route and made the road. It strikes the Prescott road at the Glenora, near which place most of the work had to be done. Chenoweth & Fenter's train has hauled heavy loads over it. Mr. Dickson is also going to make a wagon road from his ranch to Black Canyon, and says he is bound to extend it to McDowell.

Snow.—It snowed just enough to cover the ground Tuesday evening.

A short time ago, at Walnut Grove, Indians robbed a ranch of a large quantity of corn.

Geo. Louny, who has been Assistant Assessor of Internal Revenue for two years past, in Yavapai county, has resigned his position, and Mr. S. C. Rogers has been appointed in his place.

S. C. Rogers delivered a lecture on Schools, at the Court House, one night last week. Those who heard it pronounce it an able effort.

SCHOOL.—Mrs. Ruble's school is now under full headway. Upwards of twenty scholars are in attendance. Parents and children are, so far as we can learn, well pleased with Mrs. R. as a teacher.

Our Councilman, J. T. Alsap, has been sick with chills and fever, contracted at Tucson, ever since his arrival here. Henry A. Bigelow is getting over his Tucson shakes.

HENRY HENNETT, a cousin to E. J. Cook, of this place, arrived here with Mr. Cook, last week, from California. Mr. Herbert intends to become a citizen of Prescott.

SINCE the murder of Mr. Williams, by Sonoranians, at Mohawk Station, Yuma county, the whites along the Gila have become suspicious of all Sonoranians, and employ none but white men. At Col. Woolsey's Agua Caliente ranch, Texans now do the work, and, of course, give greater satisfaction than did the Mexicans.

GONE TO NEW MEXICO.—Wm. F. Turner, Chief Justice of this Territory, and a Mr. Moore, started Saturday last, for New Mexico. The Judge expects to get back in time to hold Court at Prescott, in April next. Mr. Moore goes to join his brother at Fort Union.

WALNUT GROVE.—T. W. Brooks and Wm. Carls came to town from Walnut Grove and returned the past week. The people were preparing to go to work on the proposed road from Wickenburg to the Grove and from the Grove to Prescott.

Mr. C. C. Bean has been taking a look at the galena mines in Yavapai district. Col. Cany guided him. He takes some of interest in some district. He believes it was his first visit to the mines, and he expressed himself highly pleased with the looks of our sub-treasurer.

Col. Woolsey left for his home on the Gila Saturday last. Mr. Aaron Wertheimer, of Wormser & Co., started for Wickenburg, in company with the Colonel.

CHARL YATES (every body knows Charley) visited Prescott for the first time in a year last week. He has been ranching in Skull Valley, and toiled his horse about his corn.

NEW BARBER SHOP.—Prescott will soon have two barber shops. Mr. Dan Roth requests us to inform the public that he will be prepared, shortly, to shave and shave chins, jaws and lips in the old Miner office.

UNBROKEN four sells for \$20 the hundred, (gold) in Prescott, at present. It is a steep price, but people have to stand it or live entirely upon corn meal, there being no real flour for sale in town.

JOHN M. ROBERTS will, hereafter, devote his time and attention to the practice of law. We look for him to develop a large amount of legal talent, and hope he may win fame and fortune in the profession.

J. J. Buckman informs us that recently, while he, and one or two others, were hunting and fishing on the Verde, eight miles below Postle's Ranch, they saw innumerable fresh Indian tracks, enough to hurry them away from there. We hope Major Cienfuegos and his cavaliers, who are now scouring the country to the north of Prescott will come across the gang.

TO BE PAINTED.—Acting upon our suggestion, we presume, the Board of Supervisors have at last concluded to have the Court House painted. They advertise for proposals to do the job in another column of to-day's paper.

DANCE.—The Elysians had a gay time Thursday evening, dancing in their hall.

BLACK CANYON DIGGINGS.—The rush to the Black Canyon gold diggings, in the Bradshaw Mining District, this county, continues. Over 30 men left Prescott this week, and as many more are preparing to leave. By this time there must be a hundred men in the diggings, and there is room for ten times as many more. Wormser & Co. talk of starting a branch store at the diggings. Although within six miles of the diggings there is an extensive pine forest, most of the miners that have gone there took lumber for staves from Prescott. The winters are very mild at the diggings, and men can work there every day in the year. Should all who go and are going find paying claims, lively times may be anticipated.

We have often wondered why it is that a company of men do not go to work and dig a ditch to carry water on the diggings back of the old Mexican Camp on Lynx Creek. The place is but six miles east of Prescott, and we suppose that accounts for the apathy of miners toward it. There are scores of oxen in that locality that contain gold enough to pay well for working them, and water could be brought into them at a trifling expense of time and labor. Try it, somebody. It will pay.

RICH AND BEAUTIFUL SPECIMENS.—There is lying, in front of the store of Wormser & Co., a large, fine specimen of ore from the Sterling mine, near Prescott, and which Mr. Berger, the owner of the boulder, intends to take to San Francisco. It is nearly one solid mass of sulphuret, but, strange to say, shows free gold in many places. It is, we think, the richest piece of sulphuret ore in America, and San Franciscans will pay so when they see it. It was taken from the ledge at a depth of sixty feet.

JACKSON, Lovejoy & Co. have commenced piling their hydraulic diggings on Lynx Creek, but unless it rains or snows soon they will be compelled to stop work. The present is the driest winter we have had since '63.

FROM WICKENBURG.—We learn, by letter from a friend at Wickenburg, that Henry Wickenburg has sold his quartz mill to Messrs. Kraus, Reed and Smith, and that Mr. Phelps had got back from the East.

STERLING GOLD.—Mr. F. H. Wunderlich showed us, this week, a mass of Sterling gold, weighing thirty ounces, which was taken from the battery and off the plates, recently. It appeared to be very pure.

Ladies, Attention!—An excellent assortment of DRY-GOODS now on exhibition. D. HENDERSON & CO.

Ho, for Black Canyon! but before going get an outfit. D. HENDERSON & CO.

Rebellion in the Human Interior.

Rebellions are not confined to bodies politic. They break out in our own interiors as well as in the "bowels of the land." The natural law of our bodies is health, but we neglect them, and they revolt. We subject them to exposure, we overeat them, we overindulge the stomach, we neglect the bowels, we plunge out of rooms hotter than the tropics into an atmosphere before breathing point, and in various other ways trifle with our health.

But these frames of ours are wonderful machines, and we can, by the use of the PROPER MEANS, so INVIGORATE and REGULATE them as to render them almost proof against the attacks to which, in our recklessness, we subject them.

Nothing that has ever been known or heard of as a tonic adds so much to the resistant power of the human system under circumstances unfavorable to health as HOSTETTER'S STOMACH BITTERS. If you would escape the intermittent fevers, fits of indigestion, bilious attacks, and heart complaints, of which cold and damp are the frequent causes, use the BITTERS as a PROTECTIVE MEDICINE. This is the wisest course; but if already an invalid, try the preparation as a REMEDY. In either case, full reliance may be placed upon its efficacy. Sold everywhere.—Sunday Mercury, Dec. 25, 1867.

The above numbered warrants are intended to include all warrants outstanding against this county.

Interest will cease from date.
